Beach ,friendly communitie	Shopping malls ,top sea food	All is good	None

Boardwalk. This facility is the biggest drawcord but is not recognized as such. Keep improving it, extend it the full length of Salmon Bay.	Our beaches are great.	Reconsider the tidal pool area. Pool access and handrails must be "world class". The younger crowd that gather there drinking and making a mess with litter and broken glass aren't easy to handle, but intensify efforts to accommodate them appropriately somewhere or manage them with cleaners, toilets, janitors, health officials and uip with police back up. Also have a permanent pair of lifeguards for the pool area and Salmon Bay.	Plant trees everywhere. Make Ballito a green corridor. Trees, not pretty shrubs. Take a drive inside Zimbali and marvel how indigenous vegetation brings peace and relaxation. Trees and more trees. Do something exciting at townsend Park for young families. Get rid of drunks. Get rid of the white beggars and drug couriers. Get rid of the black ones too. There are permanent groups outside la montagne under the tree opposite the pavement traders. Allow boardwalk traders only in designated areas and only a few.

The shopping centres and the promenade.		Be more compassionate to harmless homeless people and set up a good night shelter asap!	be compassionate to harmless homeless people.Set up a good shelter for homeless.
Love living in a small town and even though it needs work, it is better than so many other towns thanks to UIP who are always available to help and improve our town.	Love the fact that Ballito has a promenade and that we as locals (and visitors) are able to use it safely.	Please organize more bins along the beaches, especially at Foch Le Roux as so many people eat take aways in their cars and the bins fill up quickly	There is still too much litter on the beaches, especially after the weekends and public holidays.
